# ORDERING GUIDE

## Ordering Information and Instructions

### How to Order

Orders can be placed by fax, mail, email or through any of our authorized distributor sites. Include the greeting card stock number, all personalization details, the quantity and the calculated price. Any special requests and due dates should be duly noted. You must include a purchase order number.

### Previewing Personalization

If you wish, you can use [www.bgcardsite.com](http://www.bgcardsite.com) to preview card personalization. Try out different verses, custom verses, personal copy, ink colors, fonts and type sizes as many times as you like. Whether you use this feature or not, you will receive an email proof before printing. The site is also handy to view any card larger and in greater detail than can be seen in the catalog. This site is available for anyone to use since it will not accept orders, which can be done only by an authorized distributor through a personalized dealer web site.

### Electronic Art

Company logos, signatures and other personal art work must be sent in an electronic format via email. High resolution PDF, TIF, EPS, JPEG and Adobe Illustrator formats are acceptable, with a minimum resolution of 300 dpi at 100%. For signatures, we prefer each in a separate email attachment so we can set them up individually. All art work is printed in four-color process (CMYK).

### Turnaround Times for Standard Cards

Orders placed prior to September 1 usually take two days to process and ship. Orders placed September 1 through January 31 usually take three days to process and ship. Large quantity orders may take longer. To meet these timelines it is critical that any email proofs be approved promptly. If you have critical timing needs, just let us know and we will do our best to meet them.

Rush Services are available and can be applied to orders when processing and shipping time requested is out of our standard turn-around time. The Rush Service fee is based on quantity ordered and requested shipment time. Contact us for fee details.

### Ordering Custom Cards

Contact us with specific information about the general layout, quantity, deadlines, customer-supplied photos and logos, if any, etc. Format, size and stock type options are not limited to our standard line. We will get back to you with a quotation, timeline and any suggestions.

### Turnaround Times for Custom Cards

For custom cards, the timeline is dependent on the complexity of the project and the timeliness of approvals. Contact us for details on submitting art work, anticipated turnaround times and other considerations. We understand that a custom card is a unique and important project and we will work with you closely to meet both creative and deadline requirements.

### Blank Samples and Pre-Production Samples

Blank samples for any card are available at no charge. If you wish to see a physical sample, complete with company personalization, prior to placing an order, this is available for \$25, plus any extra cost for upgraded personalization options. These costs, except for the \$25, will be deducted from the final order price. Pre-production sample turnaround time is normally two days, plus shipping. This option is not available for custom cards. Samples will be shipped regular mail unless you provide an expedited shipper number.

### Changes

Changes can be made up to press time, without additional charge.

### Shipping Charges

All pricing in this catalog is exclusive of shipping charges. We will ship per your instructions and you can provide your own shipper number if you wish.

Drop-shipping is available by request. A \$5.00 drop-ship fee per location will be applied to orders that include more than two locations.

### Out of Stock Items

Since we design and print our cards, we rarely are out of stock. However, if an item is being rerun we will alert you to select an alternative design or, if you prefer, to have the original card delivered later.

*We guarantee your cards to be personalized as ordered or they will be replaced or your money refunded. Further, we guarantee your total satisfaction with the quality of our products.*
